

FAST TRACK™ SHIPMENT

Watlow's FAST TRACK™ Program Allows Made-to-Order FIREROD® Cartridge Heaters to be Shipped in Two or Five Days

To help meet the immediate heating needs of customers, Watlow® is offering its FAST TRACK program for made-to-order FIREROD® cartridge heaters. Watlow's exclusive FAST TRACK program allows a range of made-to-order FIREROD cartridge heaters to be shipped in two days or five days.

Customers can design a FIREROD to meet the needs of their unique application. Customers choose the size, voltage, wattage and termination from a predetermined set of options and choose when they want it – either a two-day or five-day lead time.

Also, customers do not have to wait for a confirmation of availability. A part number for the design and lead-time confirmation will be issued immediately. Lead times for FIRERODs ordered through FAST TRACK do not fluctuate with demand.

Watlow introduced the FIREROD cartridge heater in 1954, which revolutionized the heating element industry. The Company has continued to meet customers' most challenging needs with ongoing research and technological improvements; solving the toughest heating problems through quality products, engineering tools and assistance and fast delivery.

To order, contact your Watlow representative.

Features and Benefits

Heaters built to customer specifications

- Provide a made-to-order heater, not a stock-modified heater
- Assure fast, easy and convenient ordering

Two lead-time options offered: two day or five day

- Enable customers to receive the heater they want, when they want it
- Allow different delivery option to be selected for each order without changing the part number

Maximum Quantities

Five-day shipment – 50 pieces

Two-day shipment – 25 pieces

STL-FTOEM-0113

Two- or Five-Day Shipment

Watlow's FAST TRACK program allows made-to-order FIREROD® cartridge heaters to be shipped in two or five days. You can design a FIREROD to meet your unique applications. You can choose the size, voltage, wattage, termination options and your preferred lead time. To take advantage of this program contact your Watlow representative.
